SUMMER 2019

VOLUME I

NEW DCI WEBSITE

We have launched our new, fresh, and fluid e-commerce website! Digital Color Ink is here to provide our customers with an easy format to find your ever-changing graphic application needs. It will now be easier than ever to browse through by category, brand, and application. You'll see technical how to guides, match laminates and videos.

The way we see it; Digital Color Ink is successful when you are—that's why our new site is user-friendly, and was designed with the purpose of partnering in your success. For browsing between

our featured products, latest products, and our best-sellers section, navigation is easier than ever. Visitors can easily browse through, until the exact product or material that their projects call for. With the new Digital Color Ink site, you can also check your order status as well as request our help.

We are more than excited about our website launch. We hope you enjoy our brand-new e-commerce website. We are looking forward to helping you with your next project!
